
CYCLES

by Isabel Rodriguez Ramos

ABOUT THE COLLECTION

CYCLES collection - with an *elegant and original design* - is characterized by *soft colors and dreamlike atmospheres*. The artistic photographs, taken in *wild environments* of the Italian territory, portray the *Body* as an integral part of the natural *Landscape*.

Circularity, a recurring theme in the artist's visual research, leads back to the *seasonality* of Nature, to the *cyclical* of life and human relationships and to the *interdependence* that binds us to other Beings.

Suitable for *minimalist and refined environments*, the collection is made up of several *independent series* that interact with each other. Each photographic artwork, maintaining a circular perspective, in addition to being part of a restricted collection, is connected to the **Main Collection**.

The strong *synchrony* between the images allows you to compose *your own original Body of Artworks*, collecting the photographs that are part of the same series or selecting the works from different series.

By assembling the photographs - inspired by *colors, geometries, landscapes and complementary subjects* - you can compose your *personal collection*, making your *environments unique, awakening sensations* and giving shape to marvelous *visual harmonies*.

Each *Art Print* is conceived in *square format*, while the *circular image* is inscribed inside it. The square format underlines the human limit in detaching itself from its earthly condition, while the circle inside it symbolizes the ability of Art to transfigure humans into creatures capable of (at least, *partially*) grasping the *Divine* thanks to the creative process and the *return to Mother Earth*.

CYCLES by Isabel Rodriguez Ramos

ABOUT THE ART PRINTS

Fine-Art prints curated by Isabel Rodriguez Ramos in Limited Edition.

The soft colours of this Collection take on a dreamlike atmosphere. Each piece in the collection ties in with the rest, making the art prints an interconnected art constellation as well as being independent works.

The Fine-art Prints on natural cotton artist's paper - with a matt, uncoated finish and lightly textured surface characterized by accurate colors and deep blacks - ensure a rich and vibrant display of colours. Printed in Italy.

The fine-art printing technique - used to attain intense, saturated colours as well as a greater variety of depth and nuances - guarantees archival conservation of colours for the highest possible age resistance.

Carefully wrapped in silk paper and packed in a protective cardboard tube. Worldwide shipping available.

The Frame is not included.

Available Formats: 30x30 · 50x50

Each Artwork is shipped:

- Unframed*
- in Edition of 20*
- Signed*
- with Authenticity Certificate*
